# Dr. Martin Hölzer

# PERSONAL DATA

Name: Dr. rer. nat. Martin Hölzer

Gender: Male

Place and Date of Birth: Rudolstadt, Germany | 16 March 1988

Nationality: German

Address: Jansonstr. 11, 07745 Jena Phone: +49 160 92675865

Email: martin.hoelzer@uni-jena.de

Web: hoelzer-lab.github.io

Family status: Single

# SCIENTIFIC EDUCATION

01/2018 | Doctorate degree, Dr. rer. nat.

University of Jena

Grade: summa cum laude

Doctoral thesis: *The Dark Art of Next-Generation Sequencing: fundamental approaches for genomics, transcriptomics, and differential gene expression* Prof. Dr. Manja Marz, RNA Bioinformatics and High-Throughput Analysis

Faculty of Mathematics and Computer Sciences

since 06/2017

Leader of a small bioinformatics group at University of Jena

08/2013-06/2017 PhD student at University of Jena

12/2012 | **Diploma in Bioinformatics** 

University of Jena

Grade: 1.4

Diploma thesis: Data management of mass spectra and fragmentation trees

with REVIS

Prof. Dr. Sebastian Böcker, Chair of Bioinformatics Faculty of Mathematics and Computer Sciences

10/2007–12/2012 | Studies of Bioinformatics at University of Jena

2006–2007 | Civilian service, Diakonisches Altenhilfezentrum, Bad Blankenburg

1998–2006 University entrance qualification, Friedrich-Fröbel-Gymnasium, Bad Blankenburg, Grade 2.0

#### WORK EXPERIENCE

#### Current

#### Post-Doc & group leader

RNA Bioinformatics/High-Throughput Analysis, Prof. Dr. Manja Marz, University of Jena Supervision of Next-Generation Sequencing (NGS) projects including the automatization of workflows for assembly, annotation, variant calling, differential gene expression, and visualization of results. Development of novel applications for long-read sequencing data. Head of a fresh, small bioinformatics group at the University of Jena.

#### since 03/2017

#### **EVBC** member

Founding member of the "European Virus Bioinformatics Center" (EVBC), University of Jena The EVBC is intended to bring together virologists and bioinformaticians across Europe and provide a platform for interdisciplinary collaborative projects. My expertise covers sequencing, design and high-throughput analysis of virus-enriched and -infected biological samples.

#### 08/2013-06/2017

#### PhD student

RNA Bioinformatics/High-Throughput Analysis, Prof. Dr. Manja Marz, University of Jena Management of various NGS projects comprising 1) experimental design, 2) selection of appropriate sequencing parameters, and 3) data analysis, visualization and interpretation. Development of pipelines for downstream bioinformatical analyses. Examination of (meta-)genomic/transcriptomic data with a special focus on *de novo* assembly, annotation, and identification of differential expressed protein- and non-coding genes. Contributions to the emerging field of virus bioinformatics.

#### 09/2009-05/2012

#### Student assistant

Chair of Bioinformatics, Prof. Dr. Sebastian Böcker, University of Jena Integration of algorithms, data management and visualization for phylogenetic analyses and clustering.

# TASKS BEYOND OWN RESEARCH

### · Supervision of practical works

Lasse Feldhahn (started 10/2018) Jannes Spangenberg (started 10/2018) Daria Meyer (started 09/2018)

# Supervision of bachlor theses

Rebekka Köhl (started 07/2018)

#### Supervision of master theses

Marie Lataretu (completed summer 2018) Ruman Gerst (completed fall 2018) Lisa-Marie Barf (started 10/2017)

# · Organization of international conferences and meetings

 $23^{rd}$  International Bioinformatics Workshop on Virus Evolution and Molecular Epidemiology (VEME), 2018: Supporting Organizer

Hackathon on aging-related data, *Stay Young or Die Trying*, 2017: Organizer First Meeting of the *European Virus Bioinformatics Centre*, 2017: Supporting Organizer Hackathon on virus infected RNA-Seq data, *Fight against Ebola – in silico*, 2014: Organizer

### · Peer-Reviews for international conferences

Annual International Conference on Research in Comp. Molecular Biology (RECOMB 2018) Annual International Conference on Intelligent Systems for Molecular Biology (ISMB 2017) German Conference on Bioinformatics (GCB 2014, 2015, 2017)

#### · Peer-reviews for journals

Virus Research (2018), Molecular Ecology Resources (2018), Bioinformatics (2014) Publons: publons.com/author/1521002

### • Third-party funding applications

Assistance in writing research grants for third-party funding (DFG, SPP, ERC)

# **SCHOLARSHIPS**

Nov. 2018 Scholarship for an "Add-on Fellowship for Interdisciplinary Life Science" of the Joachim Herz Stiftung (€12,000)

### **TEACHING**

at the University of Jena

### **Teaching instructor**

2018 | Practical course: VIROINFORMATICS

Responsibilitites: Prepared, supervised, and assisted students in a two-week practical

course on the topic of virus detection from meta-transcriptomic NGS data.

2017, 2017/18

2018

Lecture & Practical course: LETEX BASICS FOR NATURAL SCIENTISTS

Responsibilitites: Presented lectures on the document preparation system MEX. Supervised and assisted 30 undergraduate students in a one-week full-time course. Graded daily

assignments, excercises, and exams.

2017/18 Practical course: HIGH-THROUGHPUT BIOINFORMATICS

Responsibilitites: Prepared, supervised, and assisted students in a one-week practical

course on the topic of RNA-Seq data analysis.

### Teaching assistant

2016/17, 2017/18 | Lecture: BASIC BIOINFORMATIC APPLICATIONS

Responsibilities: Prepared and taught four 1.5-hour lectures on the topic of highthroughput data analysis (From raw read data to differential expressed genes). Prepared

and supervised practical examples. Graded assignments and course exams.

2014/15, 2015,

Lecture: VIRUS BIOINFORMATICS

2016, 2017

Responsibilitites: Developed and taught hour-long lessons on viral replication, assembly,

and sequencing.

2014/15, 2015/16,

2016/17, 2017/18

Lecture: HIGH-THROUGHPUT BIOINFORMATICS

Responsibilitites: Developed and taught hour-long lessons on sequencing technologies and protocols, Next-Generation Sequencing design, quality control and data processing, de novo and reference-based assembly, read quantification, normalization, and differential

gene expression analysis.

2015/16 Practical course: HIGH-THROUGHPUT BIOINFORMATICS

Responsibilitites: Prepared, supervised, and assisted students in a one-week practical

course on the topic of RNA-Seq data analysis.

# SCIENTIFIC POSTER PRESENTATIONS

09/2018	German Conference on Bioinformatics, Vienna, Austria
	Long reads matter: The advantages of nanopore long-read sequencing.
05/2017	Bioinformatics Mittelerde Meeting, Leipzig, Germany
	PoSeiDon: a web server for the detection of evolutionary recombination events
	and positive selection.
03/2017	27th Annual Meeting of the Society for Virology, Marburg, Germany
·	PoSeiDon: a web server for the detection of evolutionary recombination events
	and positive selection.
04/2016	26th Annual Meeting of the Society for Virology, Münster, Germany
	A method pipeline for the detection of positively selected sites in silico - exemplar-
	ily shown for bat Mx1.

# SCIENTIFIC ORAL PRESENTATIONS

07/2018	11th International Conference on Virology and Microbiology, Vancouver,
	An Interface between Bioinformatics and Virology (KEYNOTE SPEAKER)
06/2018	CRC AquaDiva On Site Retreat, Vitaleum UG Hütten, Germany
,	Viral diversity, viral de novo assembly, and viral decay in groundwater
02/2018	33. Winterseminar der Bioinformatik, Bled, Slovenia
,	PCAGO: An interactive web service to analyze RNA-Seq data with principal com-
	ponent analysis
08/2017	CRC AquaDiva Recruitment Symposium, Jena, Germany
	Next-Generation Sequencing meets viruses
02/2017	32. Winterseminar der Bioinformatik, Bled, Slovenia
	PoSeiDon: A web server for the detection of evolutionary recombination events
	and positive selection
10/2016	14. Herbstseminar der Bioinformatik, Doubice, Czech Republic
	Fun with PCA: Insights into RNA-Seq based principal component analysis
02/2016	31. Winterseminar der Bioinformatik, Bled, Slovenia
	Evolutionary analyses of positively selected sites in the interferon-induced innate immunity factor Mx1 of bats
03/2015	25th Annual Meeting of the Society for Virology, Bochum, Germany
0)/201)	Differential transcriptional responses to Ebola and Marburg virus infection in cells
	from bats and humans
02/2015	30. Winterseminar der Bioinformatik, Bled, Slovenia
	Fight against Ebola – in silico –
10/2014	12. Herbstseminar der Bioinformatik, Doubice, Czech Republic
	Bats and viruses: friend or foe?
02/2014	29. Winterseminar der Bioinformatik, Bled, Slovenia
	Assembly and annotation of Mycobacterium avium subsp. paratuberculosis Typ-III
10/2013	11. Herbstseminar der Bioinformatik, Doubice, Czech Republic
	Assembler comparison and cluster assembly

# **SOFT SKILLS**

07/2018	Fördermöglichkeiten für exzellente Nachwuchswissenschaftler/innen, Dr. Mareile Knees, Jena
05/2018	Workshop "Drittmittel einwerben", Jana Dümmler, Graduate Academy, Jena
02/2018	Patente als Chance für meine Forschung, Dr. Christian Liutik, Patentinformationszentrum FSU, Jena
02/2018	Pursuing an Academic Career in Germany: Pros and Cons, Dr. Hanna Kauhaus, Graduate Academy, Jena
02/2018	Proposal Writing Workshop, Frank Lauterbach, iRTG AquaDiva, Jena
03/2014	Mitteldeutscher Fundraisingtag, Crowdfunding: Chancen und Grenzen, FundraisingForum e.V., Jena
04/2013	Jugendgruppenleiter Card (JuLeiCa), nationwide uniform identity card for voluntary people in youth work, VTPV e.V., Bad Blankenburg
03/2012	Mitteldeutscher Fundraisingtag, Fundraising und Freiwillige: wie passt das zusammen? FundraisingForum e.V., Jena
09/2010	Web 2.0 – für Vereine, Initiativen & Parteien, Thomas Mergen, Friedrich- Naumann-Stiftung für die Freiheit, Erfurt
since 2002	Various workshops, seminars, and advanced trainings about time and group management, group dynamics, self-motivation, project planning, association and employment law, speech, presentation, administration, and building management.

# LEADERSHIP EXPERIENCES & NON-SCIENTIFIC ACTIVITIES

# Scout association "Bund der Pfadfinderinnen und Pfadfinder" (BdP)

since 2012	Management board member of "Scoutactive" registered society
	Administrative tasks and writing of proposals for staff funding.
since 2008	Assistant manager of BdP scouting center of Thuringia
since 2007	Administrative tasks, coordination of staff and volunteers, realization of adventure activities for kids and youths, technical support, web site and hardware supervision.  Assistant leader of BdP "Landesverband Thüringen e.V."
	Organization of scout activities in Thuringia and across national borders. Organized events, trainings, and elections.
2005-2015	Group leader of BdP scout tribe "Falken vom Greifenstein"
	Administration of the association. Active participation and mainly responsible for the management and organization of various scout camps, international cooperations, and regular meetings. Managed team conflict and morale, represented the association at national and international events.
since 1998	Member of BdP

#### Water of Life

since 2017 | Co-Founder and organizer of the Bad Blankenburger "Kessel-Treffen"

Coordination of Scottish events and whisky tastings, www.kessel-treffen.de.

since 2014 | Whisky tastings

Preparation and execution of whisky tastings for beginner and advanced

#### Music

since 1999 | Piano

#### LANGUAGES

German Native language

English Written and spoken fluently
